

Logistics Logística

Transpetrol has years of experience working for clients whose goal is to reach the southernmost continent of the planet; the Antarctica. Not only do we provide bunkering services for tourism or research vessels, but together with Zero Antarctic Logistics, we are able to provide a 360° logistics service. An example of this is the Marinha do Brasil, which already entrusts its entire Antarctic supply to us.

Transpetrol tiene años de experiencia trabajando para clientes cuyo objetivo es alcanzar el continente más austral del planeta; la Antártica. No sólo proveemos servicios de bunkering para embarcaciones de turismo o investigación, sino que en conjunto a Zero Antarctic Logistics, somos capaces de brindar un servicio logístico 360. Un ejemplo de ello, es la Marinha do Brasil, que ya confía su completo abastecimiento antártico a nosotros.
